## Equifax Tips for Action

## INVOICE PAYMENT HISTORY

Trade Payment data held on this organisation may indicate a history of slow payment. Options to manage this risk could be: shorter payment terms, cash on delivery, or requesting a deposit.

## COURT JUDGEMENTS

This organisation has a judgment recorded against it. This means a creditor has taken debt in collection. This may be an indication of an inability to pay invoices. Asking the business for more information about the judgment may be advisable.

## CREDIT HISTORY

This organisation has a debt collection Agency Inquiry registered against its file in the past 3 months. This may indicate that an outstanding debt has been passed to a Collection Agency. Asking the business for more information about the Inquiry may be advisable.

## EXTERNAL ADMINISTRATION

This organisation is reported as being in External Administration. This means that external agents have been appointed to liquidate the organisation's asset. You may wish to reconsider trading, or reconfirming the organisation's details. Options that may assist managing the risk of doing business with this organisation could be: shorter payment terms, cash on delivery, or requesting a deposit.

## PUBLISHED NOTICES

This organisation is reported as being at a stage of Winding Up. This means they have begun the process of liquidation. You may wish to reconsider trading, or reconfirm the organisation's details. Options that may assist managing the risk of doing business with this organisation could be: shorter payment terms, cash on delivery, or requesting a deposit.
